PROFESSIONAL EXPERIENCE

Senior Admission Officer, UNext Learning Private Limited | March 2026 – Present
- Own the full customer journey from first interaction through enrolment and onboarding: needs discovery, requirement gathering, solution recommendation, follow-ups, objection handling and closure.
- Consultative selling: translate each learner's career requirements into the right program recommendation and build confidence through detailed product and client communication.
- Run lead management in a CRM-driven workflow; prioritise high-intent opportunities with data-driven decisions and analyse pipeline activity to improve conversions.
- Worked approximately 1,800 leads and closed 150 enrolments at UNext.
- Achieved 198% of target (Target vs Achievement) in H1 2026.

Business Development Executive, Learning Routes Private Limited | November 2024 – March 2026
- Managed customers across the funnel (lead qualification, counselling, follow-ups and conversion) and maintained lead and customer data in CRM-based sales processes.
- Analysed customer requirements, communicated solutions to different stakeholder groups and coordinated with internal teams to resolve customer concerns.
- Identified manual business processes in lead management and follow-up that could be improved through software and process automation.
- Handled approximately 3,000-4,000 leads across Learning Routes and UNext, closing 200 enrolments.

Key results: Approximately 3,000-4,000 leads handled, 200 enrolments closed | 198% of target in H1 2026 | Top Performer for two consecutive half-years, H2 2025 and H1 2026.

AI PROJECTS

10 AI apps built in Google AI Studio with the Gemini API; two live.

AURA: Personalised AI Daily Companion & Coach | React, TypeScript, Gemini API | Jun – Jul 2026
- Built a full-stack AI companion and coach with a server-side /api/chat REST endpoint calling Gemini: AI Companion Chat, 15-year Chronobiology analysis, Alert Dispatcher and a Memory Chamber storing each user's habits and instructions.
- Four coaching personas (Ayurvedic, Executive, Therapist, Strict Tracker) and a regional node selector for Indian cities (local AQI, traffic and diet advice); separate waitlist page with admin console and Google Drive storage of sign-ups.

Skip: Travel Now, Pay Later (my fintech startup) | React, TypeScript, Express, Gemini API | Mar – Sep 2026
- Built a working full-stack travel-financing prototype: individual and group loans, instant CIBIL-based offers, EMI splitwise for groups and AI brand-logo generation through a Gemini API backend in Express.

Online Vidya (live: online-vidya.ai.studio) | React, TypeScript | Jun – Oct 2026
- Live platform to compare approved online universities in India, with counselling, comparison and budget filters, plus a DPDP-compliant privacy policy.

CorporateStories (live: corporatestories.ai.studio) | React 19, TypeScript | Sep 2026
- Live India-first anonymous platform for sharing workplace experiences, with Explore, Trending and Companies pages.

Also built: Nexus AI Agent (multi-modal: real-time voice, image and video generation, Search-grounded reasoning); Aladdin (NSE/BSE stock analysis, real-time data, AI insights); Namma Route (Bengaluru traffic forecasting and routing); Prowork LMS (internship tracks, admin dashboard); Taroon Issuer Portal (digitally signed certificates); EduMeta AI Growth (EdTech AI ad management); Lead Generator CRM; Excel and Power BI dashboards.
