PROFESSIONAL SUMMARY

Engineer turned customer-facing professional who has built 10 AI apps of his own in Google AI Studio with Gemini (two live), including a personalised AI coach agent, a multi-modal agent and a travel-financing fintech startup. Brings two years of consultative, target-driven EdTech work: requirements discovery, solution recommendation and CRM lead workflows, with 198% of target in H1 2026 and Top Performer in H2 2025 and H1 2026. Pursuing an MBA in Business Analytics (Manipal). Targeting AI Solutions Engineer, AI Implementation, Prompt Engineer and automation roles.

AI PROJECTS (10 APPS BUILT IN GOOGLE AI STUDIO + GEMINI)

AURA: Personalised AI Daily Companion & Coach React, TypeScript, Gemini API | Jun – Jul 2026

- Built a full-stack AI companion and coach (server.ts with an /api/chat route calling Gemini): AI Companion Chat, 15-year Chronobiology analysis, Alert Dispatcher and a Memory Chamber that stores each user's habits and instructions.
- Four coaching personas (Ayurvedic, Executive, Therapist, Strict Tracker) and a regional node selector for Indian cities (local AQI, traffic and diet advice); separate waitlist page with admin console and Google Drive storage of sign-ups.
- Result: working full-stack companion with persistent memory, plus a launch page collecting waitlist sign-ups.

Skip: Travel Now, Pay Later (my fintech startup) React, TypeScript, Express, Gemini | Mar – Sep 2026

- Built premium travel financing with individual and group loans, instant CIBIL-based offers, EMI splitwise for groups and AI brand-logo generation through a Gemini backend. Result: working full-stack TNPL prototype covering the full loan-offer and EMI-split flow.

Online Vidya (live: online-vidya.ai.studio) React, TypeScript | Jun – Oct 2026

- Built a platform to compare approved online universities in India, with counselling, comparison and budget filters, plus a DPDP-compliant privacy policy. Result: live and publicly accessible.

CorporateStories (live: corporatestories.ai.studio) React 19, TypeScript | Sep 2026

- Built an India-first anonymous platform for sharing workplace experiences, with Explore, Trending and Companies pages. Result: live and publicly accessible multi-page app.

Also built: Nexus AI Agent (multi-modal: real-time voice, image and video generation, Search-grounded reasoning); Aladdin (NSE/BSE stock analysis, real-time data, AI insights); Namma Route (Bengaluru traffic forecasting and routing); Prowork LMS (internship tracks, admin dashboard); Taroon Issuer Portal (digitally signed certificates); EduMeta AI Growth (EdTech AI ad management); Lead Generator CRM; Excel and Power BI dashboards.

PROFESSIONAL EXPERIENCE

Senior Admission Officer, UNext Learning Private Limited March 2026 – Present

- Own the full customer journey from first interaction through enrolment: needs discovery, solution recommendation, follow-ups, objection handling and closure.
- Consultative selling: translate each learner's career requirements into the right program recommendation and build confidence through detailed product communication.
- Run lead pipelines in a CRM-driven workflow; prioritise high-intent opportunities with data-driven decisions and analyse pipeline activity to improve conversions.

Business Development Executive, Learning Routes Private Limited November 2024 – March 2026

- Managed customers across the funnel (lead qualification, counselling, follow-ups and conversion) and maintained lead and customer data in CRM-based sales processes.
- Analysed customer requirements, communicated solutions to different stakeholder groups and coordinated with internal teams to resolve customer concerns.
- Identified manual business processes in lead management and follow-up that could be improved through software and automation.

Key results: 198% Target vs Achievement in H1 2026 | Top Performer for two consecutive half-years, H2 2025 and H1 2026.
